REPORTS.

Messrs. Randolf Elder & Co. the builders of the steamer mentioned at foot is the firm for which Mr. Stephenson, now in Japan is acting as special Agent. She appears to be a remarkably fine vessel, but why a light spar deck is not placed upon steamers of this description instead of a lot of houses resembling a village, we cannot for the life of us may out.

From the Illustrated London News Feb. 15.

This beautiful vessel, which left the Mersey on the 27th ult., with mails and passengers for St. Vincent (de Verdes) and Monte Video, en route to her station in the South Pacific, measures 271 ft. in length, 56 ft. extreme beam, 20 ft. depth, and 1400 tons builders' measurement. She was built by Messrs. Randolph, Elder, and Coy, at Goran, near Glasgow, from designs by Mr. Thomas Smith, naval architect to that firm, and is fitted with engines of 400 nominal, and 1400 indicated, horse power; which are the twelfth pair constructed for the company by that firm on their patent double-cylinder principle. The Quito is fitted with every appliance for the comfort of passengers in warm lattitudes and the efficiency of the mail service which has been suggested by the company's experience since 1840 in the Pacific waters. On her trial at Liverpool, a few days before her departure, she attained a mean speed of 13½ knots on the extremely low consumption of 27 cwt. of Scotch coal per hour, with 25 lb. pressure of steam, and 24 revolutions of her engines. She will be a valuable addition to the company's steam fleet, which, commencing with three small vessels, now numbers seventeen first-class steam-ships, and which will be further strengthened by the Payta, 1800 tons, from the same yard, in July.

VICTORIA LAUNDRY.

The Undersigned begs to notify to the public of this town that he is about to open the above named establishments in all its branches and trusts that he will receive a full share of patronage.

Having been long in charge of a similar business in France he is confident of being able to satisfy his clients as he cannot but think that he is supplying a desideratum the want of which has been long felt in this Colony.

He has engaged extensive premises and erected machinery which will enable him to execute any amount of work promptly and efficiently.

NEW MEDICINES!!

THE GREATEST SUCCESS OF THE AGE!!!

NO MORE COD-LIVER OIL. SYRUP OF IODIZED HORSE-RADISH of GRIMAULT and Co., Apothecaries and chemists, 7, Rue de la Feuillade, Paris. According to the certificates of the physicians of the Paris Hospitals, detailed in the prospectus, and with the approbation of several Academies, this Syrup is employed with the greatest success in place of *Cod-liver Oil*, to which it is really superior. It cures diseases of the chest, scrofula, lymphatic disorders, green sickness, muscular atony, and loss of appetite; it regenerates the constitution by purifying the blood, and is, in a word the most powerful depurative known. It never fatigues the stomach and bowels like the iodide of potassium and the iodide of iron, and is administered with the greatest efficacy to young children subject to humours, or obstruction of the glands. Dr. CAZENAVE, of Saint Louis hospital, Paris, recommends it particularly in cutaneous diseases conjointly with the pills which bear his name.

PHOSPHATE OF IRON. DE LERAS, apothecary, doctor of science, 7, Rue de la Feuillade, Paris.—This new ferruginous medicine contains the elements of the bones and blood, and iron in a liquid state. From observations made in the Paris hospitals and detailed in the prospectus, it is superior to *ferruginous pills, lactate of iron, iron reduced by hydrogen, pills and syrup of the iodide of iron*, and cures rapidly, *stomach complaints, painful digestion, poverty of the blood, loss of strength and appetite, and the diseases incident to females.* It is the best adjunct to COD-LIVER OIL, and the best preserver of health in tropical climates.

DISEASES OF THE CHEST.—SYRUP OF HYPOPHOSPHITE OF LIME, Manufactured by GRIMAULT and Co., chemists, 7, Rue de la Feuillade, Paris. This new medecine, delicious to the palate, is a sovereign remedy for coughs, colds, irritation of the lungs, and is also an excellent remedy in cases of consumption. Under its influence, the cough abates, nocturnal perspirations cease, and the patient rapidly recovers health and flesh.

ELIXIR OF PEPSINE prepared by GRIMAULT and Co., chemists, 7, Rue de la Feuillade, Paris, according to the formula of Dr. CORVISART, knight of the Legion of Honour, physician to H.M. the Emperor of the French. PEPSINE is the gastric juice itself, or rather the digestive principle purified, which digests food in the stomach. When from various causes the supply of the digestive fluid is too small, the inevitable consequences are bad digestion, *gastritis, gastralgia*, inflammation of the mucous coats of the stomach and bowels, heartburn, anemia, loss of strength, and in females, general derangement. *The elixir of Pepsine*, which is sanctioned by the approbation of the Paris Academy of Medicine, speedily cures all such diseases, and prevents vomiting during pregnancy.

INTERNAL OR LOCAL NEW CURATIVE AGENT.

—*MATICO.*
GRIMAULT & Co., PARIS.

THIS new remedy is prepared from the leaves of a Peruvian pepper shrub, called *Matico*, and CURES PROMPTLY and INFALLIBLY without any fear of inflammatory results. The great majority of Physicians in Paris, Prussia, Germany, and New York, now use no other remedy. Full Directions accompany each Bottle and Packet; or an explanatory treatise will be sent post free for 9d.

EXTRACTS.

NEWS BY THE MAIL.

From the Spectator.

The Government has published a mass of correspondence between Earl Russell and Mr. Adams in the matter of the Alabama. The drift of the whole is a demand put forward by the United States that Great Britain shall compensate all American owners who may be losers by the Alabama, that vessel being built by British shipwrights, and manned by British sailors, and therefore a British ship. The absurdity of the demand may be demonstrated in three lines. The Alabama is either a man-of-war or a pirate. If a man-of-war we have nothing to do with paying the value of her captures, though the South may have; if a pirate, we are no more responsible for any other pirate which may happen to have English sailors on board. Let the American Government catch her and hang her crew, as we shall do if she touches British ships. Earl Russell replies that he can see no *prima facie* ground even for arbitration, and declines absolutely throughout to acknowledge any responsibilty. The tone throughout is moderate except in one despatch of Mr. Saward's, in which he threatens to seize the Alabama in British ports, a despatch which Mr. Adams very wisely did not present. It was probably produced for home consumption only—that kind of "dodge" which Mr. Seward so often mistakes for statesmanship.

From the Express.

TELEGRAPHIC INTELLIGENCE.
(REUTER'S TELEGRAMS.)
THE DANO-GERMAN WAR.
HAMBURG, FEB. 16.

Trustworthy advices received here from a private source state that the Danes have made to sorties from Duppel, and inflicted considerable loss on the Prussians. There are 2,000 sick and wounded at Habersleben, Apenrade, and Flensburg.

COPENHAGEN, FEB. 15, 10.55, A.M.

The official *Berlingske Tidende* of to-day says; —"It may be considered certain that an armistice, involving the evacuation of the mainland of Sleswig, will not be accepted by the Danish government." The *Dagblad* says:—"Unless the enemy evacuates Sleswig, and re-establishes in that Duchy the rule of the King, and the *status quo* of the 31st January, an armisice would be inadmissible."

COPENHAGEN, FEB. 15, 8.55 P.M.

The following report has been issued by the minister of War:—"The enemy assembled in considerable force at Uldcrup, and sent a patrol to-day to Nybol, which was withdrawn after a few shots had been fired."

The *Faedrelander* of to-day says;—"The Danish goverment has received no proposal respecting an armistice."

BERLIN, FEB. 16.

According to official reports received here the Danish ships of war have received orders to capture shipping belonging to all the States of the German Confederation. This measure contradicts the report that Denmark had decided upon exempting from capture the ships of some of the States.

RUSSIA.

A communication from St. Petersbourg of the 9th says:

No one can be found here to accept the portfolio of finance. The state of affairs is so delicate that even the boldest are afraid. One of the eminent men to whom the office was offered, General Tehekvine, formerly Minister of Public Works, refused it in the following terms;—"To accept the portfolio of finance in the present state of things, a man must be either a genius or mad, and, as I am eithers, I refuse." Mr. de Reutern will therefore remain at his post; a proof that he, at all events, is not wanting in courage.

The trial of the four Italians, Greco Trabucco, Imperatori, and Saglio, accused of a conspiracy to assassinate the Emperor, is fixed for Feb. 25. M. Devienne, the First President of the Imperial Court, will be the presiding judge. It is confirmed that Mazzini is included in the indictment. It would, however, be quite unjustifiable to draw any inference against him from this fact. The French *parquet* is not particular about proofs in the case of an absent person. It will be remembered that Ledru Rollin was tried as an accomplice of some Italian assassins years ago and that no scrap of evidence was produced against him, except that one of the prisoners said hehad talked over the affair with a stout gentleman in London, who was called 'Rodrene." The present trial is expected to be a long one, because none of the prisoners speak a word of French, and it will be necessary to interrogate them through an interpreter. One of them only has chosen an advocate. The other three were brought before M Devienne this morning to have counsel assigned to them.

A DANISH FRIGATE OFF PLYMOUTH.
(THIS DAY).
EXPECTED ENCOUNTER WITH A PRUSSIAN FRIGATE.
PLYMOUTH, WEDNESDAY, 10 A.M.

This morning the Danish Frigate Neil Juil, 46, was seven miles beyond the breakwater, under steam and canvas, steering due south; wind north, with a fresh breeze. Her coal bunkers have been replenished.

Captain Gotleib, on application being made to him, candidly announced his intention to seize the Austrian brigs Milost and Budua (now here) if he caught them three miles outside the English coast. Beside the Austrians there are two Bremen barques and one Prussian barque in harbour.

The proceedings of the frigate excite great interest here.

A Plymouth branch pilot has been engaged on board for a short service (nominally between the Lizard and Portsmouth).

The course of the frigate will take her—say 20 miles south-west of the Eddystone, where she will be in the fair way track of all merchant vessels going up and down Channel, but a continuation of this course will take her near Brest, where there is the Prussian frigate Thetis (formerly English), an encounter with which the Danish officers have been constantly referring to since their arrival at Plymouth on Sunday.

THE HOUSE OF COMMONS AND THE AMERICAN CRUISERS.

There are now several notices on the list of parliamentary business, relating to the American cruiser question. Thus, to-morrow night, Mr. Henry Baillie is to ask the Attorney-General "whether he is of opinion that when an English merchant vessl is captured by an American ship of war in the harbour of a neutral state, it is the duty of the government to wait for the action and decision of a prize court before reparation and satisfaction are demanded from the American government; and, if so, whether the government have to wait for the action of a price court if an English vessel should be taken out as a prize from an English harbour; and whether the capture of the British vessel the Science, by an American ship of war in the Mexican harbour of Matamoros, was not a violation of international law, and a direct act of hostility against England." And on Friday night Mr. Lefevre, on the other side, will ask the Under-Secretary of state for Foreign Affairs whether it be true that a British ship, the Martaban, has been captured by the Alabama, and burnt by order of its captain; and, if so, "what steps the government are taking to obtain reparation and to prevent the repetition of such outrages"

On Friday, the 4th March, Mr. Peacock "will draw attention to the demands made in the case of the Alabama," and the same gentleman has given notice that on going into committee of supplies he will "call attention to the claim by the United States government for compensation for ravages by Confederates cruisers, and make a motion."
